

ZINC BORATE TECHNICAL GRADE

Rose Mill Company is the largest independent producer of boric acid powder and specialty borate powders in North America. We process our high-quality borate powders and granular products each day, ensuring a fresh product with longer shelf-life. Zinc borate is an excellent flame retardant and smoke suppressant.

Product Analysis

ZINC BORATE CAS 138265-88-0

<u>Typical Analysis</u>	<u>Theoretical Composition</u>
B ₂ O ₃	48.0%
ZnO	37.5%
H ₂ O of Crystallization	85.5%
Specific Gravity	~2.7
Solubility in Water	<0.3% @ 20°C
Particle Size	10 um max

Availability

- Powder
- 55 lb bags
